

NOTICE TO MARINERS

26.07.2017

DUDGEON OFFSHORE WIND FARM CONSTRUCTION WORKS

NOTICE IS HEREBY GIVEN that construction activities are in progress at the Dudgeon Offshore Wind Farm.

Wind turbine generators will be installed until Q3 2017. All construction work is planned to be completed late 2017.

Service Operation Vessel

The ESVAGT NJORD will be performing preparation support for the operation of the wind farm and will be in regular transit between the Dudgeon site and Great Yarmouth.

Wind Turbine Generator Installation

The SEA CHALLENGER will perform installation of the wind turbine generators (WTG) from January 2017 until Q3-2017. WTG installation and commissioning work will be performed at the following locations in July - August:

Location	Easting	Northing	Lon DD	Lat DD	Depth LAT [m]

Accommodation Vessel

The VESTLAND CYGNUS will be on location until Q4-2017 as accommodation vessel for Turbine commissioning.

Commissioning activities

For the commissioning and construction work there are several Crew Transfers Vessels operating in the wind farm area on a daily basis. This activity is ongoing and will continue until commissioning completes in Q4 2017.

Guard Vessel

One of the vessels; RESOLUTE, ADVENTURE, or KRISTENBORG will be present at the site to safe guard the wind farm area.

GENERAL

MARINERS ARE HEREBY INFORMED; that a statutory construction Safety Zone (exclusion zone) is in place at the wind farm site. This safety zone is defined by:

- A 500 metres radius around each wind turbine, offshore sub-station and their foundations whilst work is being performed as indicated by the presence of construction vessels; and
- A 50 metres radius around each wind turbine, the offshore sub-station platform and associated foundation structures installed, complete or incomplete but waiting to be commissioned as part of the Dudgeon offshore wind farm where personnel are present on, or are being landed on or being taken from the structures.

All vessels will exhibit appropriate lights and shapes prescribed by the International Regulations for Preventing Collisions at Sea.

ALL VESSELS ARE REQUESTED to give all construction and support vessels a wide berth.

MARINERS ARE ADVISED to navigate with caution and keep continued watch on VHF Ch. 16 when navigating the area.

A further notice to mariners will be issued when these works are completed, expected autumn 2017.

Please direct any enquiries regarding this notice to Statoil Wind Control Centre: statoilwindcontrol@statoil.com

A copy of this notice can also be found at:

Fishing

The Dudgeon Wind Farm area is closed to fishing. The coordinates for the area of the closed area are included below.

STATIONARY REFERENCE SYSTEM
Primaries: UTM Zone 31N
Secondary: UK / North Norfolk
Scale: 1:50000
North Arrow: True

WTG and Substation Locations

UK / North Norfolk

Scale: 1:50000
North Arrow: True

Map Issues: Bathymetry from seabed survey; ST-13504 DOWF Sub and Seabed Mapping (2013) according to the subcontractor's error budget for this survey the accuracy is as follows.
The (horizontal) accuracy for navigation is +/- 20 cm (horizontal determined by the dynamic position calibration for primary and secondary navigation system).
The (vertical) accuracy bathymetry:
At 20m water depth the Total Uncertainty is +/- 27cm.
At 50m water depth the Total Uncertainty is +/- 33 cm.
