

Notice to Mariners – Wave Buoy Deployment

Partrac will deploy one wave measurement buoy at the location below from 4th March, weather permitting.

All positions are WGS84.

Name	Latitude	Longitude	Latitude	Longitude	Depth
Proposed Location	53.29119	1.41049	53° 17.471' N	001° 24.629' E	25 m (approx.)

The vessel *MV Sea Stoot* will be used.

The wave buoy is 1.1 m in diameter and bright yellow in colour (see below).

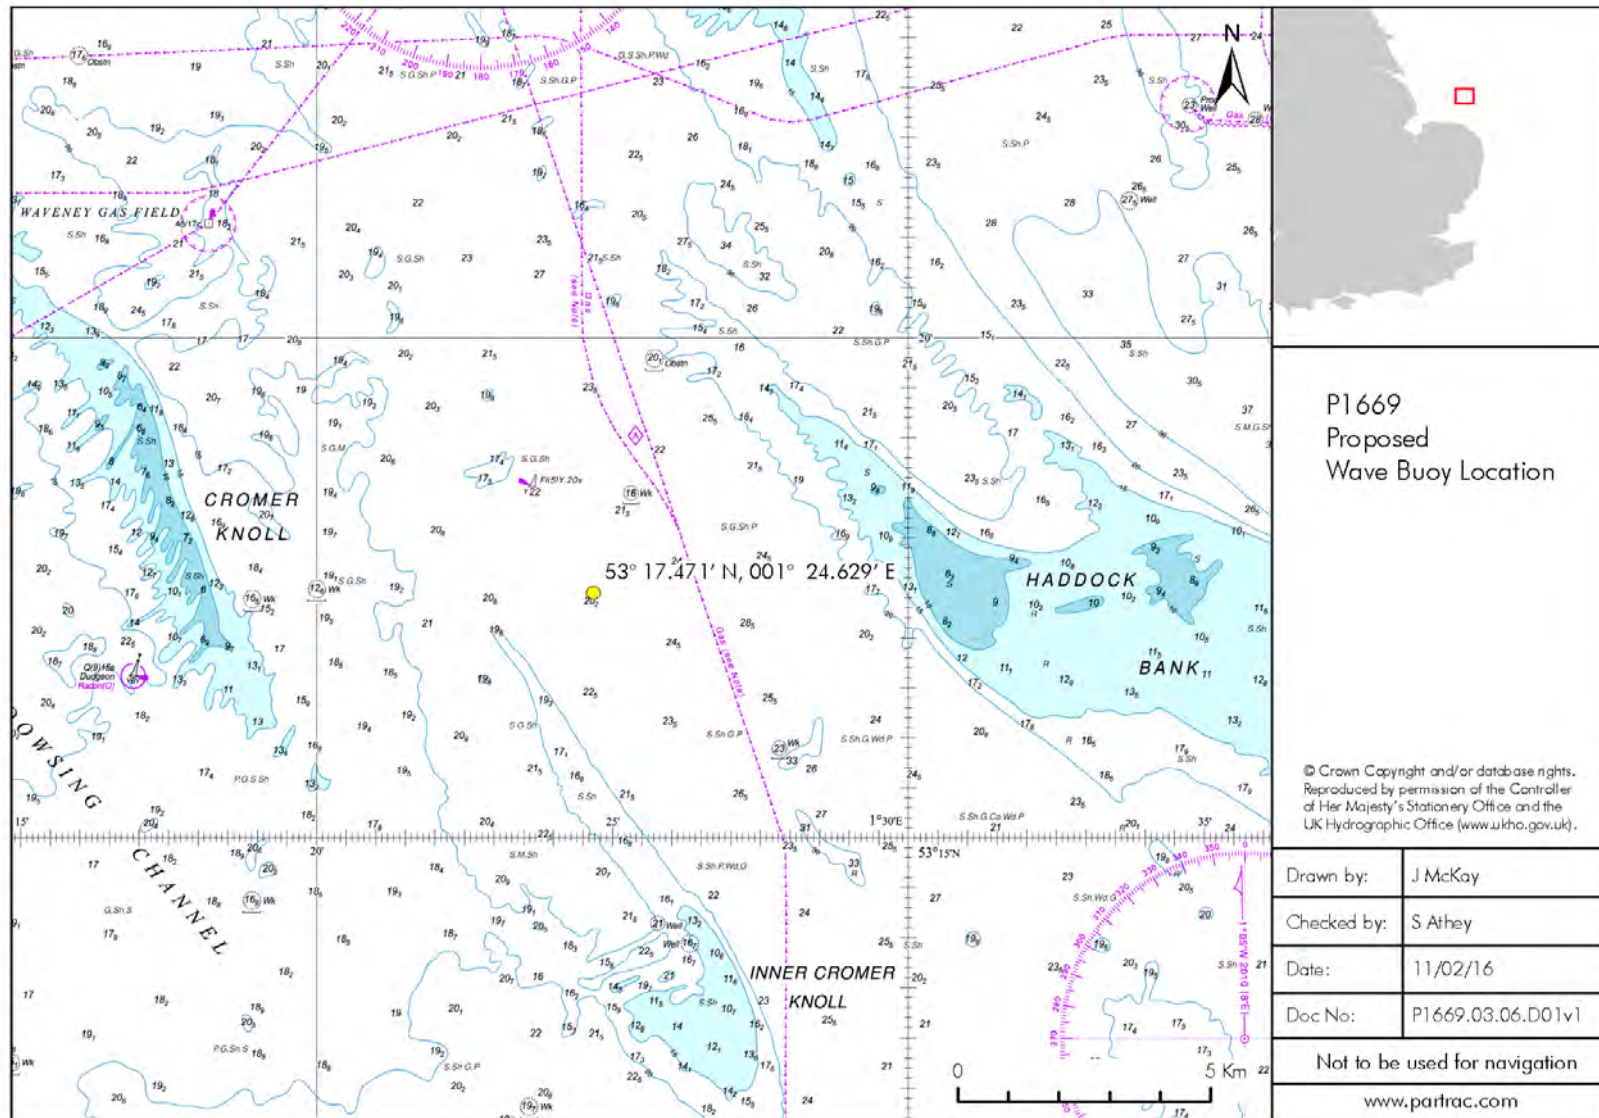

It transmits a light sequence as FI Y (5) 20s and is moored using a single point compliant mooring with a scope of up to 200m.

This will remain in place for approximately 21 months.

Avoidance to a range of 500m is requested.

Please contact Sam Athey sathey@partrac.com / 0141 202 0644 quoting ref P1669 if you require further information.
