All vessels in the Dudgeon Wind farm location are advised to give a wide berth to the wind farm and proceed with caution.

We will try to reinstall over the coming 7 days.

The Dudgeon wind farm is now operating and there will be various vessels within the wind farm including the SOV Njord and Dalby Ouse CTV.

Service Operation Vessel

The ESVAGT NJORD is performing support for the operation of the wind farm and will be in regular transit between the Dudgeon site and Great Yarmouth.

Crew transfer vessels

The CTV DALBY OUSE is performing support for the operation of the wind farm and will be in regular transit between the Dudgeon site and Great Yarmouth.
